AMARO BONAVENTURA 'ERBE E FIORI'

Bonaventura Maschio is a family distillery with over a century of history across five generations. From great grandfather Antonio to the present Sole Director Italo, along with his son Andrea and daughter Anna, they continue the company's tradition. It is a business that has always sought and found in hard work, study and research, and strict quality control, the true expression of essential and authentic values.

With the Maschio family, whole generations of viticulturists, distillers, oenologists grew-up and were educated. Every individual shares his own experience, driving quality and innovation.

'Erbe e Fiori' is a fresh take on the Amaro Bonaventura the company has produced for over a century, keeping the original focus on flowers as our true inspiration.

With 'Erbe e Fiori' we add the scents of the garden. This Amaro is like an imaginary stroll in a blooming field: you will experience floral notes of geranium, rosewood, linden, and cornflower. Botanical extractions are separately accomplished through different techniques like long infusions and distillation.

The pleasant bitter side is granted, among others, by nettle and bogbean, with a fresh citrusy scent on top. The closing is enriched by echoes of apple and pear, a gift from the grape distillate that inspired the whole bouquet.
