

## MADRETERRA VERDECA E FIANO

Cantina Fiorentino is located in the heart of Salento, between the rocky views of the Adriatic and the sandy expanses of the Ionian Sea. The winery was born in 2014 in Galatina, in the Lecce province, incorporating a wide range of organic Salento wines produced according to the most advanced principles of environmental sustainability.

Led by Pierantonio Fiorentino, entrepreneur in the fields of renewable energy and bio-sustainability, historic Cantina Fiorentino and Cantina Valle Dell'Asso produce exclusively organic wines. They are committed to respecting and safeguarding the environment, minimizing the consumption of fossil fuel through buildings and systems with very low energy consumption.

The Madreterra Verdeca e Fiano offers aromas of ripe pear with a floral background, all accompanied by excellent intensity and persistence. On the palate, the wine is dry, fresh, and savory with a fruity finish, supported by an excellent combination of acidity and minerality.

GRAPES 70% Verdeca, 30% Fiano

LOCATION OF VINEYARDS Agro di Galatina

ALTITUDE 75 m a.s.l.

TYPE OF PLANTING 100% Certified Organic
