

VALLE DELL'ASSO TERRA SAN GIOVANNI

Cantina Fiorentino is located in the heart of Salento, between the rocky views of the Adriatic and the sandy expanses of the Ionian Sea. The winery was founded in 2014 in Galatina, in the Lecce province, incorporating a wide range of organic Salento wines produced according to the most advanced principles of environmental sustainability.

Led by Pierantonio Fiorentino, entrepreneur in the fields of renewable energy and bio-sustainability, historic Cantina Fiorentino and Cantina Valle Dell'Asso produce exclusively organic wines. They are committed to respecting and safeguarding the environment, minimizing the consumption of fossil fuel through buildings and systems with very low energy consumption.

Terra San Giovanni offers an immediately recognizable nose of Primitivo: notes of plum, cherries, and raspberries are supported by light spicy and toasted note.. On the palate it displays Primitivo's natural softness, integrated and supported by noble tannins deriving from aging in second hand barriques. Pairs happily with all manner of meats, especially meatballs in tomato sauce, and hamburgers.

GRAPES	100% Primitivo
LOCATION OF VINEYARDS	Agro di Galatina
ALTITUDE	75 m a.s.l.
TYPE OF PLANTING	100% Certified Organic
