Offer Merchants No-Cost Payment Processing

As a BOLD partner, you can stand out by offering your merchants an easy way to eliminate credit card processing fees with our Dual Pricing Program. This innovative solution shifts the cost of card payments to card holders by offering transparent pricing with flexible payment options.

How It Works:

Transparent Pricing: Dual pricing displays both cash and card prices to customers clearly before the point of sale, ensuring transparency and compliance.

Simple Implementation: Our Partner Experience Team is here to guide you through onboarding merchant applications. We'll ensure that the processing rate is offset by the card price displayed at the point of sale, making setup seamless and worry-free.

Why Choose BOLD?

- Help merchants maximize profits by eliminating high processing fees
- Gain a competitive edge by offering a proven cost-saving solution
- Partner with a team dedicated to your success, every step of the way
- Ensure compliance and transparency with an easy-to-implement solution

**Ready to deliver big savings to your merchants?

THE FUTURE OF LABELING STARTS WITH STAR MICRONICS

Industry-Leading Labeling Technology for Restaurants, QSRs & More

RetailRealm

Archive Bridge

Keep your main RMH database agile and responsive by using Archive Bridge to copy old data to an Archive database. The old data is deleted from the main database.

Payment Bridge

Experience the power of being able to connect to multiple payment providers. Payment Bridge enables the merchant to accept virtually any payment method their customer wishes to use for Credit, Debit, and Gift Cards, Digital Wallets, QR codes, Buy Now Pay Later, and even Cryptocurrency.

Mobile Bridge

Easily manage inventory in store and know exactly how much merchandise you have on hand. Mobile devices are used for receiving and counting stock, price verification, issuing inventory, printing labels on demand, and to perform ranging to ensure getting product on the shelf is time efficient.

TAX Bridge

Seamlessly connect RMH Store and Central to Avalara to update tax percentages and settings automatically internationally and nationally.

SOLa™

Retail runs fast. Your payments should too.

In a fast-moving retail world, you need a payments partner that doesn't just keep up — it drives you ahead. At Sola, we empower merchants using RMH and RMS with a payment engine built for speed, reliability, and scale.

After a seamless integration, you'll have access to our platform, which supports multi-terminal environments, REST APIs, and SDKs — so you can deliver smarter payment experiences.

Let's simplify payments. Let's move forward together.

Stop by **our booth** or visit
solapayments.com/rmh to see
how we're powering the next
generation of retail payments.
