BiomeShield™

PEST PROTECTION FOR PEOPLE & PETS

We believe in the power of plants, and we're proud to present BiomeShield™, a natural flying insect repellent that's safe for all ages, pets, and the environment. This DEET-free solution works by mimicking the pheromones emitted by insects as a natural defense mechanism against other harmful insects. We've combined these plant extracts with plant-based carrier oils to create a powerful pest-repelling technology that lasts up to 8 hours.

ABOUT US

Welcome to BiomeShield™, where we celebrate the incredible power of plants and their natural ability to protect against insects. At BiomeShield™, we believe in creating products that not only safeguard you and your loved ones but also contribute positively to the environment.

Our mission is rooted in the understanding that nature provides us with effective solutions, and we are proud to introduce our flagship products, a revolutionary line of natural flying insect repellents for people, pets and plants.

PEOPLE SPRAY
8oz & 2oz

Our natural pest solution for people of all ages works by emulating the pheromones released by insects, which serve as their innate protection against other harmful insects. By blending these botanical extracts with carrier oils derived from plants, we've crafted a robust technique for keeping pests at bay, ensuring protection for as long as 8 hours.

ZINC SUNSCREEN
50 mL

Our Natural, Mineral-Based Sunscreen combines our BiomeMax™ Pest Repelling Technology with an SPF 40 Zinc Based Waterproof Sunscreen to create a powerful pest-repelling solution. Safe protection for you, your family, and the planet for up to 8 hours of protection from UV rays and pests.

Nature's Magic Microbiome Pest
Preventative using Pheromonal
Replication Technology.

PET SPRAY
8oz & 2oz

Our natural pest solution for pets works by emulating the pheromones released by insects, which serve as their innate protection against other harmful insects. By blending these botanical extracts with carrier oils derived from plants, we've crafted a robust technique for keeping pests at bay, ensuring protection for as long as 8 hours. It also serves as a deodorizer.

PET COLLAR
2 Pack

With the BiomeShield™ Cut to Fit Pet Collar, you can enjoy peace of mind knowing that your pets are protected from fleas and biting insects for up to 90 days for each collar. Not only does the Cut to Fit Pet Collar offer reliable protection against fleas and biting insects, but it is also completely safe for your pets. It is free from harsh chemicals and toxins.
