Elope CBD Double Chocolate Meltaway

A Moment of Bliss

Indulgence Meets Wellness

Elope CBD Double Chocolate Meltaways offer a unique and luxurious experience, blending the rich heritage of artisanal chocolate with the wellness benefits of premium CBD. Handcrafted in Chicago since 1938, these meltaways are designed for those seeking a moment of calm and relaxation in their daily lives. Each meltaway is a testament to generations of confectionery expertise, now infused with the power of CBD to create a truly exceptional product.

The Elope CBD Difference

Elope CBD is more than just a chocolate; it's a carefully crafted experience. Our meltaways are produced in partnership with the iconic Brown Sugar Bakery in Chicago, a certified minority-owned and woman-owned business celebrated for its commitment to quality and community. This partnership ensures that every meltaway is made with the utmost care and attention to detail, honoring a legacy of confectionery excellence that dates back to the invention of the Dove Bar in the very same factory.

The Science of CBD and Chocolate

The combination of CBD and chocolate is not just delicious; it's scientifically synergistic. The natural fats in chocolate, such as cocoa butter, act as a carrier for CBD, significantly increasing its bioavailability. Studies have shown that consuming CBD with fats can increase absorption by up to 3-5 times compared to taking it on an empty stomach. This means that more of the CBD is able to enter your bloodstream, allowing you to experience its full benefits.

Furthermore, both cacao and CBD have been shown to interact with the body's endocannabinoid system to promote feelings of well-being. Cacao contains compounds that can enhance mood, while CBD is known for its calming and balancing effects. Together, they create a harmonious blend that nurtures both body and mind.
