Explore the many facets of work by Andy Warhol, one of the most influential artists of all time. Join us for a live virtual tour of MAG exhibition [Season of Warhol](#) led by MAG Docent Jackie Schertz in American Sign Language (ASL).

Andy Warhol (1928–1987), for all of his much-discussed dispassion and irony, he had an uncanny sense of the power and influence of American and popular culture, both in its superficial and more profound forms. Warhol's focus extended well beyond his famous obsessions with commercialism, celebrity, and glamour.
