TASTEFUL TIDBITS

From Concept to Compliment

January 10, 2020

Christina said... "Excellent service and food was absolutely delicious for our company holiday party!"

Picture Of The Month

One of our most popular hors d'oeuvres of the season. Chicken with a maple bourbon glaze on a donut slider!

What's trending... Plant based, sustainable food, clean eating, farm to table...you've probably heard all the buzz words. Expect those trends to carry into 2020. With January comes resolutions and many opt to resolve to adopt a healthier lifestyle and this year is no different. Folks are embracing meat alternatives and veggies are making their way to the main course. If you are not one of the many that subscribe to this new trend, we encourage you to step outside your comfort zone, even if its just a little. Be adventurous, if you let it, food can be an experience! You may just be missing out on your new favorite dish!

Our Peeps

The wonderful woman behind all of our sweet treats, baker extraordinaire, Madi Garofolo! Madi has been with #teamtasteful for 7 years! Now a vegetarian, her favorite Tasteful dish is our Moroccan chickpea stew, although she also says that when she still ate meat her favorite was our muffuletta sandwiches- both great choices! Madi says her favorite aspect of her job here is being creative and developing new recipes and techniques. When she's not baking up a storm, Madi enjoys reading, crocheting, and spending time outside. Madi's fun fact is that she absolutely loves animals and is a volunteer dog walker at Lollypop Farm!

Tasteful Connections will be partnering with Black Button Distillery for a pairing dinner!

Save the date, February 24, 2020

Stay tuned for details or contact us to get on our pairing dinner and special event subscriber list.
