APPLICATION FOR AN AREA VARIANCE of the provisions of the Zoning Code of the Town of Cambria to construct an accessory structure (shed) at a distance of approximately two feet from the side property line on premises situated within the Agricultural Residential (AR) Zoning District, whereas the Zoning Code requires such structures to be placed at least ten feet from the side property line within said district.

Applicant Statement:

Mr. Hasley explained that a chicken coop had existed in the same location for approximately ten (10) years. He replaced it with a 12' x 20' shed for motorcycle storage. Moving the shed to comply with the setback would require removal of a mature maple tree. A letter of support from the adjacent neighbor was submitted, stating no objection to the shed's location.

Public Comment:

None.

Public Hearing Closed.

Board Discussion:

The Board discussed the pre-existing structure, lack of feasible alternatives, neighborhood character, and the letter of neighbor support.
