Hello,

I am Pastor Kelvin Page, Lead Pastor of the [Westmore Church of God](#) in Cleveland, Tennessee. I am also the President of [Operation Compassion](#).

I am confidently endorsing and highly recommending the team of accounting and service professionals at Jorns CARES Act to assist you with recovery of Employee Retention Credits (ERC) through the Federal Cares Act. I have met personally with the President of Jorns CARES Act, and he explained their services relating to the ERC Program. After that meeting, the staff at Jorns served as trusted advisors and assisted both Westmore Church of God and Operation Compassion with our ERC Credits application and we could not be more grateful.

As you are likely aware, the last few years have been challenging for many businesses and church communities and ours was no exception. I had no idea that we qualified for this program and Jorns obtained approximately \$619,573.19 for Westmore Church of God and Operation Compassion. The money will support our ministries and comes as a blessing during these difficult times.

Although the process itself is very complex and detailed, Jorns made the application process very easy and simple for Westmore and Operation Compassion. My staff worked with an account manager at Jorns, and the entire application process took us less than an hour.

Very rarely can I whole heartedly recommend something to my friends and colleagues that I am certain will be a blessing and gift to them, and the Jorns Cares Act team of professionals and their ERC Filing Division is absolutely one of those times where I can do so. The Jorns team consists of over 400 certified public accountants, auditors, lawyers and support staff to prepare and file your application. This dedicated group of specialists is what I feel sets Jorns apart from other firms offering this service.

I have asked the staff at Jorns to send you this recommendation letter so that this testimonial is being forwarded to you by Jorns at my direction, as I know Jorns can help you as they helped us.
